

Thank You Letter from Justin Vitek

Dear Friends,

I have heard it said that a man's wealth is judged not by the money he has in the bank, but by the number of people he can call his friend. If this is true, then I am a very wealthy man.

When I was diagnosed with Leukemia the farthest thing from my mind was what I would do if I was unable to work. I am faced with a battle that I never thought I would know. It is a difficult journey, but one that I am able to face thanks to the support of my friends.

If not for the aid and support of more people than I can name, I have no idea where this turn in my life would have taken me. I do know that all lessons in life are meant to be shared and my hope is that I can draw from my experience to help others in the same situation.

Please know that if I could I would thank each and every one of you personally that has made any type of contribution for my benefit. I am doing well and God willing I will be back in the saddle and as time passes I hope that I will be given the opportunity to do just that. In the meantime, I want all of you to know that what you have done is greatly appreciated and I thank you from the bottom of my heart.

Sincerely and humbly yours,

Justin Vitek, Jockey
